(caution: this pad may be reset after the meeting)

18 January 2017

previous minutes:

present:

☐ Allyn
☐ Charlotte
☐ Chris
☐ David
☐ Eric
☐ Hans
☐ Mark E.
☐ Mark G.
☐ Martina

minutes:

- status reports:
  - Allyn
    - laptop died over the weekend; reinstalled everything from scratch; didn’t lose any data b/c I had everything backed up & synced w/ github, dropbox, etc., but did lose time
    - still working on integrating component (ie: process/topic) hierarchies for Questionnaire
    - TODO: a full end-to-end demo of Sealce Documents is highest priority
  - David
    - top level forcing draft implementation (AR5 Table 12.1)
      - and the enum: https://github.com/ES-DOC/cmip6-specializations-toplevel/blob/master/model_key_properties.py#L400-L436
    - TODO: to be reviewed by Tim J. Mark E and Charlotte P
      - ok test of cdf2cim will real dummy CMIP6 file generated from CMOR
  - Mark E.
    - data bases set up to use specialisations
      - waiting on MG for last structure
      - in 2 weeks, ocean experts to fill up ocean specialisation
  - Mark G.
    - worked with Charlotte on experiments
    - refined further_info_URL landing page
    - streamlined deployment
  - Eric
    - white paper
    - first draft of short table for the ocean
    - TODO: to further discuss at coding sprint

- TODO: ALL to help come up w/ Realm Officers for other realms (can be done at coding sprint)

- next coding sprint plans:
  - agenda, logistics, etc. have been sent out (Eric not there Thursday)
  - goals:
    - end-to-end walkthrough for all (?) document types
- plan word press site upgrade
- outreach: finalize white paper, etc.
- additional session about security (w/ Sebastien)
- finish w/ a clear understanding of where ES-DOC is relative to a precise timeline (through to at least March)
- define beta testing process for new groups

- White Paper
  [https://docs.google.com/document/d/1vsqeEDutNcZN4pHK534MAnkF5sKXcmjPAEfADdJNeF0/edit]
  - EG updated draft; looks good
  - will be sent early next week

- CIM Changes
  - ticket closed [ES DOC/esdoc cim v2 schema#2]
  - **TODO**: MG to email reply to EG (to forward on to Bryan & other PIs)

- Weds 25th at 8am/1pm/2pm provided Charlotte. Chris (and Allyn) can make it
